

Dear Community Member:

The Central Sierra Historical Society was founded in 1991 with the mission of providing cultural and educational experiences to deepen the understanding of the human and natural history of the Sierra Region. Since we opened the Museum of the Sierra 20-acre site in 2007, we've served tens of thousands of visitors--residents and vacationers alike. We've also hosted dozens of standards-based educational field trips for students.

In addition to the educational role of the museum, our organization also serves as a social hub for the community, hosting "Friday in the Pines" live music events, "Sierra Voices" oral history presentations, and more. In the wake of the Creek Fire, we established the Central Sierra Resiliency Fund to help locally lead the revitalization efforts. Through the Resiliency Fund we've hosted various insurance and FEMA workshops, soil stabilization clinics, and launched a major reforestation effort. Since the spring of 2021 we've provided and helped plant 74,390 seedlings within the Fresno County scar of the Creek Fire. We're working to continue to strengthen and expand our efforts to teach about good forestry practices and fire prevention.

We think our efforts would go even further with you as an official sponsor in 2024. Would you consider supporting us today?

As a sponsor, your business would provide a tax-deductible financial gift, and in turn we would promote your company as an official sponsor at our many events. By giving this gift, you are directly supporting efforts to create a future where healthy forests, prospering communities, and economic health is shared by generations to come.

If you are interested in being an official sponsor, please reach out to Bobbie Fleming at (559) 955-6766 or via email at bobbie@sierrahistorical.org. We hope to hear from you soon.
